NOTE FOR: NIO/W

SUBJECT : Spring Troop Rotation

The semi-annual troop rotation is scheduled to start on 15 April. In view of the Polish situation (unless it has blown apart by then), it will be extremely important not just to count the aircraft, but to eyeball the troops. In particular, we should ensure that:

1. The aircraft are returning to the USSR full, not empty.
2. The troops arriving in Eastern Europe are true shave-heads, not veterans.

A word from you to [] might be in order, asking him to focus collection by the attaches on those two points. He might also tweak [] We should emphasize the importance [] as appropriate.
